

L'Arche, Ottawa

Travel Dates: Feb 16- 23, 2019

Faculty Leader:

Fee: \$ 850

L'Arche is a network of communities for people with developmental disabilities. In 1964 Jean Vanier founded the first L'Arche home in France and today there are over 100 communities in 30 countries worldwide. The aim of L'Arche is to create communities that reflect a belief that everyone is unique and of sacred value having dignity and fundamental rights. L'Arche communities are also communities of faith, rooted in prayer and trust in God.

L'Arche Ottawa is comprised of 7 houses, 2 apartments, 32 core members, and 25 assistants and offers a recreational day program for seniors. The L'Arche Ottawa community was founded in 1972. Life within L'Arche communities is shared with Service Learning students through their participation in the day to day lives and activities of L'Arche community members.

Transportation

Participants fly from Halifax and travel by ground transportation to their host community. Transportation outside the L'Arche community to other sites in the Ottawa area involves the use of car rental.

Housing

Each group member will stay in one of the houses that make up the L'Arche community. As a resident of the home, the student becomes a new member of that house community. For the week-long stay, the service learning participant (along with staff who live and work there long-term) assists with helping out with activities taking place in that home. All meals are provided.

Service Placements and Group Sessions

Service Learning participants are incorporated into the daily routines associated with the working, recreational and spiritual lives of residents and assistants. Students assist in the daily chores around house management and sharing life together to create a home. They are assigned to help with one of a number of daytime programs and work settings for L'Arche core members in the broader community. Evening and daytime reflection sessions led by L'Arche leaders help participants to understand the meaning and purpose of L'Arche communities and how they function. Service Learning students will find their assumptions of what a 'disability' is are challenged and their understanding of the meaning of personal relationships is broadened.
