

From Angela Stewart (upon her retirement)

I would like to say a great big thank you to all the people who sent me good wishes on my retirement from the Department of Adult Education. I spent a lot of my life there working as an Administrative Assistant, working through many changes. As you can imagine I met many, many wonderful people, faculty and students and co-workers. I worked with many different faculty members, all with their own way of doing things; most were awesome to work with and I learned from them all. As for students, and graduates, I often joked that I could drive across Canada and have a "free place to stay" in any city because I knew so many people. Because of the pandemic scare, our celebration was changed a bit so Leona, Maureen, Carole Denise & I had kind of a "Tailgate" party in Leona's driveway, keeping 2 metres apart obviously, but it was fun to reminisce. I received a StFX binder with all of your email wishes in it and some lovely and very useful gifts. I have been mostly isolated because of the pandemic so for now my retirement has been confined to my home. All of the beautiful emails made me emotional and brought back many good memories and I am so glad that I was able to "be there" for so many. So, again I will thank you all from the bottom of my heart and assure you that you are in very capable hands with Denise working at "my desk". God Bless!
